Canadian Valley Technology Center

Our mission is to prepare people to succeed through quality career and technical education programs and services.

Since 1970, we have been providing educational opportunities for high school students and adults. Our programs and services help you if you're ready to enter the workforce, if you're going to college, if you're an adult ready to make a career change or simply ready to expand your skills. CV Tech is ready to help you focus on your future.

CV Tech's student body is a diverse group of high school students from 14 sending schools and adults from the communities we serve. We have three campuses and offer training in 29 career fields.

Each year, hundreds of students choose to maximize their education by adding Canadian Valley's career-focused curriculum to their class schedules. Students are taught the fundamental concepts of their chosen field and learn to apply them in a professional lab/shop environment, all while learning to apply math, science, literacy, and employment readiness into their studies. This approach helps our students master highly technical procedures and gives them a head start on developing the work ethic employers demand from employees. As a result, our graduates are prepared to keep up with today's rapidly changing job market.

At CV Tech, instructors utilize instructional delivery that consists of individualized, standards-based learning through the use of an online learning management system and hands-on, skills-driven, project-based learning that includes work-based learning opportunities and capstone projects. Employability skills and academic skills instruction are incorporated with occupational skills education throughout the program.

CV Tech Information

Schedule

We offer two daytime class sessions:

AM 8:00 - 11:00

PM 12:05 - 3:05

Class sessions are approximately three hours with a ten minute break. Students will spend the entire time in their program unless they are taking a math class at CV Tech.

Transportation

Bus transportation is provided from each high school campus or students may choose to drive to campus.

Industry Certifications

The District will pay up to \$350.00 per student, per program toward trade-specific certification examinations and licenses related to the student's approved program of study. To receive this benefit, a student must:

- be taking their first attempt; does not count for retakes
- be currently enrolled or recently completed (within the current year)
- be an in district student in good standing
- have the program instructor's recommendation to take the exam.

High School Credit

Courses that qualify for credit are marked with this symbol  on the program syllabus. They will also be marked with one of the following symbols to identify the type of credit earned.

= Science Credit

= Computer Science Credit

= Math Credit

All  marked courses qualify for Oklahoma Promise credit. OCAS codes are listed on the program information sheet. Awarding of high school credit for courses shall be at the option of the local independent board of education.

Check ODCTE website for continuous updates.

<https://oklahoma.gov/careertech/educators/ocas-codes.html>

College Credit

Community colleges and universities that offer technical college certificates may award college credit for courses taught at technology centers through Prior Learning Assessments (PLA's).

See current Statewide PLA Technical Inventory at

<https://showwhatyouknowok.org/careertech-occupational-licenses/>

For more information contact a CV Tech counselor.

3D Design and Modeling

The 3D Design and Modeling program at CVTech focuses on developing students' skills in communication design through 3D modeling, texturing, animation, rigging, and game design. Students receive foundational training in traditional design software such as AutoCAD, Revit, Civil 3D, and SolidWorks, while also being introduced to emerging technologies including advanced real-time rendering, interactive design, and virtual reality using Twinmotion, Blender, and Unreal Engine. The program offers specialization tracks in civil, architectural, and mechanical design and drafting.

Accounting and Business Management - Accounting Clerk

Prepare for a career in accounting with CVTech's Accounting Clerk program. This program equips students with a foundation in financial principles, including bookkeeping, payroll, budgeting, and tax preparation. Students gain hands-on experience using industry-standard tools such as QuickBooks and Microsoft Excel to develop financial statements, analyze business transactions, and address real-world accounting challenges. The curriculum emphasizes ethical practices, precision, and critical thinking—key competencies in today's financial landscape. Participants have the opportunity to earn valuable credentials, including QuickBooks Certification and Microsoft Office Specialist (MOS) Certification. To bridge classroom learning with real-world application, the program includes opportunities for internships with local businesses and accounting firms, providing practical experience in a professional setting.

Accounting and Business Management - Entrepreneurship

The Entrepreneurship program at CVTech provides students with hands-on experience in launching and managing a business. Through projects like developing a business plan, conducting market research, budgeting, and pitching ideas, students build essential entrepreneurial skills. They also explore customer service, branding, advertising, ROI, and digital marketing strategies. Students can earn the Entrepreneurship and Small Business (ESB) certification and MOS Office Suite certification. Opportunities for work-based learning experiences with local entrepreneurs or businesses offer students a first-hand look at business ownership and innovation in action.

Accounting and Business Management - Medical Office Assistant

CVTech's Medical Office Assistant program prepares students with the administrative expertise needed to thrive in healthcare environments such as clinics, hospitals, and private practices. The curriculum covers essential topics including medical terminology, patient scheduling, electronic health records (EHR), insurance billing, and HIPAA compliance. Students apply their knowledge in simulated medical office settings, gaining hands-on experience in professional, real-world scenarios. Certifications offered include Certified Medical Administrative Assistant (CMAA) and Microsoft Office Specialist (MOS). Opportunities for work-based learning experiences with local healthcare providers offer valuable on-the-job training in clinical and administrative office roles.

Cosmetology

High School Only

The Cosmetology program at CVTech prepares students enrolled in the cosmetologist program for the State Board of Cosmetology licensing exam and to work in the cosmetology industry. Students will receive classroom instruction and hands-on training in sanitation, hair, scalp, nail, and facial treatments. Students must complete 1250 hours of training; high school students may have 250 hours waived if high school courses are successfully completed. Students must register with the State Board of Cosmetology which requires a \$10.00 fee and documentation of date of birth (must be 16 years old by November 1st) and social security number prior to attending class.

High school students may not be enrolled in a pull-out academic class.

Local Program

Cosmetologist Public, OCAS 9478/9488

Courses

Hours HS

Introduction to Cosmetology/Theory	150
Scalp Treatments and Shampoo/Conditioning	30

the State Board of
Cosmetology

Suggested Entry Level Skills

10th grade reading level;
Basic math skills; Algebra

Clothing Requirement

Uniforms are required; the cost is typically between \$50 to \$60 for top and pants and \$20 for shoes.

Resources

- Pivot Point Cosmetology
- S/P2 Safety

Digital Media Technology

The Digital Media Technology program at CVTech prepares students for careers in video production and digital communication. Using an iMac computer lab and professional-grade equipment, students create a variety of media projects while developing technical and creative skills. The program emphasizes proficiency in Adobe Creative Cloud applications, including Premiere Pro, After Effects, Photoshop, InDesign, and Illustrator. Students also explore digital marketing strategies through social media platforms. Upon completion, students have the opportunity to earn certification in up to two Adobe programs.

- Drone Workshop

Early Childhood Education

The Early Childhood Education program at CVTech prepares students for careers in child care and early childhood education. The program includes hands-on experience at CVTech's on-site, NAC-accredited Child Development Center, where students work directly with children ranging from six weeks to five years of age. Throughout the program, students begin developing their professional portfolio in preparation to earn the nationally recognized Child Development Associate (CDA) Credential.

Health Careers - Medical Assistant

High School Only

The Medical Assistant program at CVTech prepares students to assist physicians and other healthcare providers in a medical office or clinic setting. Some of the core courses include CPR, First Aid, medical terminology, anatomy and physiology, and an introduction to medical assisting.

More specialized courses include pharmacology (including administering oral, topical and injectable medicines) and clinical procedures for selected disorders of each body system. Some of the independent procedures the medical assistant performs include taking vital signs, obtaining a medical history, and measuring height and weight. In addition, students will learn how to obtain and prepare blood samples for testing, how to perform point of care diagnostic testing, and executing quality control on the testing equipment.

Local Program

Occupations

Licensed Practical Nurse

Entry Level Salary Range

\$12.00 - \$27.00 per hour

Licensure/Certification

Students able to apply for NCLEX examination for Practical Nursing licensure

Entry Level Skills

Minimum scores of 250 in reading and 250 in arithmetic on the Accuplacer exam.

Prerequisite

Must complete a Medical Terminology and Anatomy & Physiology course at an approved post secondary institution prior to being admitted into the Practical Nursing program. Canadian Valley also offers prerequisite courses through our Flex Health program. See program director or counselor for more information on these courses.

Clothing Requirement

Students are required to wear scrubs of any color to class every day. School uniform scrubs (specific color with specific patches) are only required during clinicals and are purchased from the CV Tech bookstore.

Resources

- Human Body in Health & Illness
- Fundamentals of Nursing Care
- Nursing Leadership
- Calculate with Confidence
- All in One Care Planning
- Med-Surg Nursing Concepts and Practice
- CPR – BLS for Healthcare Provider
- CPR Training Mouthpiece
- Introduction to Maternity and Pediatrics
- Mental Health Nursing
- Understanding Pharmacology

Precision Machining Technology

The Manufacturing and Machining program at CVTech equips students with the skills needed for a successful career in the machining industry. In the first year, students develop foundational knowledge in blueprint reading, applied mathematics, precision measuring tools, and the setup and operation of manual machine tools, including lathes, mills, and grinding machines. The second year focuses on Computer Numerical Control (CNC) machining, where students learn to set up, operate, and write programs for CNC mills and lathes. Graduates may return as adult students to advance their CNC machining skills and complete an introductory course in Computer-Aided Design and Drafting (CADD).

Local Program: Machinist, OCAS 9679/9680			Occupations Machinist

Total Hours	600		Licensure/Certification <i>ODCTE Competency Tests:</i> CNC Machine Center Operator

Clothing Requirement

Long pants, short-sleeved shirts, closed-toe shoes with socks, and safety glasses are required.

The Pre-Engineering program at CVTech is a college preparatory program designed for high school juniors and seniors. It integrates advanced mathematics and science with hands-on, real-world applications of engineering principles to prepare students for post-secondary engineering and STEM-related fields. Course placement within the program is based on each student's prior coursework at their home high school. As a result, individual course schedules may vary.

Local Program

Pre-Engineering Academy, OCAS 9862/9871

Courses	Hours	OCAS
Pre-Calculus 	160	4611
Accelerated Physics 	160	5211
PLTW Intro to Engineering & Design 	160	8709
AP Calculus BC 	160	4616
<u>Choose 2 of the following 4 classes:</u>		
PLTW Digital Electronics 	160	8711
AP Physics C - Mechanics 	160	5216
PLTW Engineering Design and Development (Capstone Course)	160	8716
Robotics Engineering	160	8833
Total Hours	960	

Credits

Many students earn college credit in the AP courses

Project Lead the Way college credit hours may be earned

Suggested Entry Level Skills / Academic Criteria

A student who meets pre-ACT/SAT college readiness benchmarks in STEM or math and science and has a grade B or higher in high school math and science courses may be accepted.

Licensure/Certification Opportunities

AP Subject Tests
SACA certifications

Resources

- My Open Math
- University Calculus and University Physics Volume 1 and 2 by OpenStax
- CK-12 Interactive Physics and Calculus Concepts
- PLTW Curriculum
- Amatrol

Service Careers - Building and Grounds

The Service Careers – Building and Grounds Maintenance program at CVTech offers students training for entry-level employment in building and grounds maintenance fields. The curriculum covers a broad range of skill areas, including light construction, woodworking, custodial services, landscape design and maintenance, as well as the operation and upkeep of grounds equipment. The program also emphasizes the development of essential employability skills, including a strong work ethic, positive attitude, and professional behavior—key traits for long-term career success.

Local Program

Building and Grounds Maintenance Technician, OCAS 9071/9076

Courses	Hours	OCAS
Construction Core	245	
Groundskeeping and Tool Operation I	235	
Groundskeeping and Tool Operation II	200	
Introduction to Service Careers I	75	
Building Maintenance Tools I	45	
Building Maintenance Tools II	100	
Professional Service	60	
Total Hours	960	

Occupations

Facilities Maintenance
Facilities Groundskeeper
Construction Assistant
Welder Assistant
Customer Service
Representative

Entry Level Salary Range

\$10.00 - \$18.00 per hour

Licensure/Certification

ODCTE Competency

Tests:

Construction Trainee
Facilities Maintenance
Technician

Suggested Entry Level Skills

Basic reading and math skills but most important is a willingness to learn, work, and be employable upon completion of this program.

Clothing Requirement

Closed-toe shoes are required for all activities. Long pants are required for custodial and landscape labs. Students should wear old clothes or may keep a set of work clothes in their lockers.

Resources

- Core Curriculum: Introductory Craft Skills 5th Edition

Service Careers - Hospitality

The Service Careers – Hospitality program at CVTech trains students toward employment in the hospitality and service industries by developing essential, hands-on skills. Training areas include customer service, event setup, hotel housekeeping and laundry operations, office cleaning services, and key soft skills such as communication, teamwork, and organization. The program places a strong emphasis on employability skills, fostering positive attitudes, strong work ethic, and professional conduct to support long-term success in the workplace.

Local Program

Service Careers - Hospitality, OCAS 9434/9442

Courses	Hours	OCAS
Introduction to Hospitality & Tourism	30	
Sanitation and Cleaning	90	
Customer Service	120	
Lodging Services	240	
Food & Beverage Services	240	
Event Services	120	
Employment Readiness	120	
Total Hours	960	

Occupations

Housekeeper
Event Staff
Breakfast Attendant
Laundry Attendant
Room Service Server
Dining Room Attendant

Categories

- Accommodations
- Custodial
- Food and Beverage
- Attractions

Entry Level Salary Range

\$8.00 - \$18.00 per hour

Licensure/Certification

ServSafe - Food Handler
ServSafe - Allergens

Suggested Entry Level Skills

Basic reading and math skills but most important is a willingness to learn, work, and be employable upon completion of this program.

Clothing Requirement

Students must wear non-slip, closed-toe work shoes (no sandals allowed). Students should wear shirts that cover their shoulders (no tank tops allowed). If a hat is worn, the brim must be facing their face.

Resources

- ServeSafe
- Teacher created and Industry driven

The Surgical Technology program prepares competent entry-level surgical technologists through education in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains. Graduates will be equipped to provide high-quality healthcare to a diverse patient population, with consideration for individuals of all ages and cultural backgrounds. Students are encouraged to remain engaged in continuing education to stay current with evolving trends in healthcare. Throughout the program, emphasis is placed on developing professional behavior that aligns with legal standards and the ethical principles outlined in the Association of Surgical Technologists (AST) Code of Ethics.

Local Program

Surgical Technologist (Accredited Program), OCAS 9343

Courses	Hours	OCAS
Medical Terminology	40	
Anatomy and Physiology	120	
Surgical Techniques I	30	
Introduction of Surgical Technology	60	
Basic Sciences of Surgical Technology	50	
Essentials of Surgical Asepsis	120	
Surgical Case Management	120	
Surgical Procedures I	120	
Surgical Technology Practicum I	210	
Surgical Procedures II	120	
Surgical Technology Practicum II	210	
Total Hours	1200	

Occupations

Surgical Technologist

Entry Level Salary Range

\$20.00 - \$25.00 per hour

Licensure/Certification

CST Nationally Certified
Surgical Technologist
TS-C Tech in Surgery - Certified
CPR

Entry Level Skills

9th grade reading level; Must score 250 in reading and 238 in arithmetic on Accuplacer to apply.

Clothing Requirement

The Surgical Technology Program dress code requires students to wear black scrubs every day. See classroom rules and ST Policy and Procedure book for any further clothing requirements.

Prerequisite:

Students must have already completed Medical Terminology and Anatomy & Physiology. A transcript with grade must be submitted as documentation. Canadian Valley also offers prerequisite courses through our Flex Health program. See program director or counselor for more information on these courses.

Resources

- Surgical Technology for the Surgical Technologist: A Positive Care Approach, 6th Ed. with MindTap
- Surgical Case Counts
- Practical Pharmacology for the Surgical Technologist 1st Ed.
- Surgical Instrumentation, 3rd Ed. with MindTap

Welding

The Welding program at CVTech provides instruction and hands-on training for students pursuing a career in the welding industry. The curriculum includes Shielded Metal Arc Welding (SMAW/Stick), Gas Metal Arc Welding (GMAW/MIG), Flux Cored Arc Welding (FCAW), and Gas Tungsten Arc Welding (GTAW/TIG). Students also receive training in oxy-fuel cutting and weld shop blueprint reading.

Local Program:

Pipe/Structural Welder/Fitter, OCAS 9707/9708

Courses	Hours	OCAS
General Safety	15	
Fundamentals of Metal Fabrication	60	
Advanced Metal Cutting and Fabrication	85	
Shielded Metal Arc Welding (SMAW)	185	
Advanced Shielded Metal Arc Welding	255	
Gas Metal Arc Welding (GMAW)	70	
Flux Core Arc Welding	35	
Welding Plans and Symbols	30	
Precision Grinding	60	
Gas Tungsten Arc Welding (GTAW)	45	
Advanced Gas Tungsten Arc Welding	120	
Total Hours	960	

Occupations

Welder
Fabricator
Fitter
Inspector
Retail Sales

Entry Level Salary Range

\$15.00 - \$30.00 per hour

Licensure/Certification

Certified Welder

Suggested Entry Level Skills

9th grade reading level; Basic math skills

Clothing Requirement

Steel-toe high-top boots, welding shirt or jacket, safety glasses, welding cap, welding hood, and welding gloves.

Resources

- Welding Technology Fundamentals
- Hobart Institute of Welding Technology Step-by-Step Books

Appendix

4.28 in.

0.67 in.

Academic Credits

Secondary students who complete one of the following CareerTech programs at CVTech will have gained the set of academic credits below.

Program	OK Promise Credit with OCAS Code
3D Design and Modeling	• 8905 Fundamentals of Computer Aided Drafting and Design • 8904 Engineering Computer Aided Drafting and Design
Accounting and Business Management	• 8103 Fundamentals of Administrative Technology • 8105 Office Administration & Management • 8169 Fundamentals of Technology
Computer Information Systems	• 8136 Computer Repair & Troubleshooting I • 8137 Computer Repair & Troubleshooting II • 8125 Routing & Switching I • 8126 Routing & Switching II
Digital Media Technology	• 8169 Fundamentals of Technology • 8149 Desktop Publishing and Graphic Design
Graphic Design	• 8149 Desktop Publishing and Graphic Design • 8150 Multimedia & Image Management Techniques
Health Careers - Medical Assistant	• 5333 Anatomy and Physiology
Pre-Engineering	• 8709 Introduction to Engineering Design • 8711 Digital Electronics • 8716 Engineering Design and Development (Capstone Course) • 8833 Robotics Engineering • 4611 Pre-Calculus • 5211 Accelerated Physics • 4616 AP Calculus BC • 5216 AP Physics C - Mechanics

Adult Enrollment Steps

How do I apply?

Step 1: Submit your testing waiver or complete placement testing.

Do I qualify for a testing waiver? The following can be used as a testing waiver for enrollment. Test scores are valid for 5 years from the test date.

- ACT: Composite of 19 or higher
- SAT: Composite of 980 or higher
- Pass at least 12 hours of level one college courses or Associate Degree (within the last 5 years). Students must be in good standing with the previous school.
- Bachelor or Master's Degree (can be older than 5 years, no time restriction)
- Prior Assessment
 - Accuplacer Next Gen scores: 235 in Reading; 238 in Arithmetic
 - Workkeys: 3 in all areas
 - ASVAB: 65 or higher

If you do not meet any of the above criteria, schedule the Accuplacer Assessment

- Call (405) 222-7521. The first test is free; retest or no show will result in a fee.
- Cut scores: Reading 235 / Arithmetic 238
 - Exceptions: Practical Nursing program: Reading 250; Arithmetic 250
Surgical Technology: Reading 250; 238 Arithmetic
Aviation Maintenance Technician: 245 Reading; 245 QRAS
- If accommodations are needed: Prior to scheduling your assessment, call (405) 222-7557.

Once you submit your testing waiver or complete your accuplacer testing, you will meet with the appropriate program counselor. At this point, you will be enrolled, placed on a waiting list, or offered remediation.

Step 2: Payment options

- Students may complete the FAFSA application online:
<https://studentaid.gov> Use school code: 009965
- Determine if you qualify for the Next Step Scholarship.
 - Are you 23 years of age or younger?
 - Do you have a high school diploma or GED?
 - Do you live in one of our partner school districts?
 - All adult students must complete the FAFSA in order to be considered for the Next Step Tuition waiver from CV Tech.
- Self pay or other scholarships awarded.
